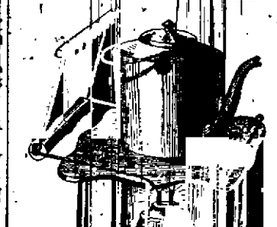
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN,

...AND...

NURSE-LAMP.

...ALBERT NOYES having purchased the ... clusive right for manufacturing in Penobscot county, the above ... tion, is now prepared to offer them ...

As a FOOT STOVE, it answers the purpose, as it can be sufficiently heated in one minute to warm and dry the feet in the coldest winter weather, and will be found an indispensable article in travelling, as no oil, alcohol, or fluid lamp, the fire is protected from every external cold.

As a LANTERN, it answers all the purposes, and is less likely to be overturned, and can be used as a hand-lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping medicines warm, beside giving the light for cooking in small quantities. For &c., it will be found very convenient. A pint of water can be boiled in fifteen minutes, on a flat-iron heat in the same length of time.

In fact, the various purposes to which this great apparatus can be put may be readily seen by every one. No further description is necessary, as no one can misunderstand its principles. To say any thing more respecting it, or to enumerate a hundred purposes would just tax the patience of our readers and subscribers, and is unnecessary. Call at once for the

GREAT

American and Foreign Office,

—FOR—

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,

No. 76 State Street, opposite Kilby St.,

BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as paid back by others*,) will be remitted by him in case of failure to obtain a patent; and the withdrawal, through him, within thirty days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or assertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. Thus, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, renders him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the procural of patents in this and foreign countries, prepared, and advice, rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

Copies of the claims of any patent furnished for *one dollar*. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability.

R. H. EDDY, *Solicitor of Patents.*

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for obtaining Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,
Late Commissioner of Patents."

"From the present Commissioner.]
Washington, 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON,

THE following described property will be disposed of at Public Auction at the *Merchants' Exchange, in the City of New York*, on THURSDAY, the 28th of February, 1856, at noon, unless previously disposed of at private sale, by order of the Assignees

First—One large Steam Saw Mill, known as the Gang of Mammoth Mill, about 50 by 125, including a gang of 21 saws; 2 muly saws, with siding and edging machines; engine room, about 30 by 75 feet. The whole driven by the most powerful engine on the river.

Second—The Mill known as the Shepherd Mill, of about 42 by 60 feet, consisting of two muly saws and edging machines; this mill is said to be equal to any mill of its size on Saginaw river. Both of the above mills are in good repair, with large and commodious Wharfs, Lumber Cars, Railways, Booms, in fact all the necessary appurtenants of first class mills. The above mills were in operation for about three or four months the last season, and gave the utmost satisfaction in regard to the quantity and quality of lumber cut.

Third—About 400 Village Lots in the village of Zilwaukie, in which there is a large Hotel 40 by 60 feet, two stories high; a new Store 40 by 60 feet; Office and Boarding House, and a number of other Dwellings to accommodate the families of those employed in the mills, and the general business wants of the place.

Zilwaukie is situated on the left bank of the Saginaw, 14 miles from its mouth, and five miles below the county seat of Saginaw County, with which it is connected by a good road. The location is considered healthy. Less sickness has prevailed in that than any other village on the river, according to the population, since its settlement; it is at the head of navigation for loaded, vessels bound from or to the Lakes, and is considered one of the best points for manufacturing Lumber on the river.

Also, about 500 acres of good Farming Land on Cass River, in Tuscola Co

For further particulars apply to Dr. CHARLES T. DISBROW, East Saginaw, Mich., or ROBERT GARNEY, and ALEX. M. LAWRENCE, Assignees, No. 11 South William street, New York.

Boston Lying-in Hospital,

SPRINGFIELD-STREET.

THE Trustees of this Hospital desire to call the attention of the Medical Faculty, and of the New England public to the advantages which the new Hospital affords for the comfort of patients and the treatment of those cases which it was the intention of its founders to relieve.

Admission regulations are upon the same principles as those of the Massachusetts General Hospital; the charges depend upon the accommodations, and are as low as the means of the Corporation will admit. In the construction of the Hospital great attention has been paid to the comfort of the patients, in ventilation, heating apparatus, bathing rooms, water closets, etc. The capacity of the building being in advance of the wants of the public for lying-in patients, the trustees have decided to allow a portion of the Hospital to be used for the accommodation and treatment of diseases of the female sex," and applications may be made personally, or by letter addressed to Mrs. C. I. WINN, Matron of the Hospital.

N. B.—One or more of the Physicians of the Hospital will be in attendance there, every Wednesday afternoon, from three to four o'clock, for the purpose of receiving out-patients needing advice for the above complaints.

By order of the Trustees.
